Distribution: F

AFMAN 23-110, Vol II, Part Two, Chapter 26, is supplemented as follows:

Section F Individual Mobility Baggage Kits

26.41.1. The following items were approved by the Command Equipment Management Office (CEMO) (10 ABW/LGLSE) for addition to the mobility bags and organizations indicated. All other requirements are based on AFMAN 23-110 authorizations.

CIVIL ENGINEERING (CE):

General Purpose Bag (Type A)

Tool, Intrenching	1 ea
Cover, Helmet OD or Camo	1 ea
Flashlight, 2-Cell	1 ea
Glove Inserts, Wool	1 pr
Glove Shell, Leather	1 pr
Mattress, Pneumatic or Foam	1 ea
Overshoes, Rubber, Black or OD	1 pr
Poncho, Plus Parka & Trousers WW	1 ea
Pouch, Ammo	1 ea
Shoulder, Harness for Belt	1 ea
Carrier, Intrenching Tool	1 ea

Arctic Bag, Extreme Cold Weather (Type B)

Socks, Wool	2 pr
Suspenders, Trousers, ECW	1 ea
Trousers, Type F1b	1 pr

Cap, ECW (Substitute for Lined F1d Cap)	1 ea
---	------

SECURITY POLICE (SP):

General Purpose Bag (Type A)

Sweater, Olive Drab	1 ea
---------------------	------

Bodyarmor, OD or Camo	1 ea
-----------------------	------

Cover, Helmet OD or Camo	1 ea
--------------------------	------

Glove Inserts, Wool	1 pr
---------------------	------

Glove Shell, Leather	1 pr
----------------------	------

Liner, Poncho	1 ea
---------------	------

Overalls, Wet Weather	1 pr
-----------------------	------

Overshoes, Rubber Black or OD	1 pr
-------------------------------	------

Shoulder, Harness for Belt Webb	1 ea
---------------------------------	------

Repellent, Insect	1 ea
-------------------	------

Arctic Bag, Extreme Cold Weather (Type B)

Canteen, Arctic	2 ea
-----------------	------

Cover, Canteen, Arctic	2 ea
------------------------	------

Cover, Helmet, White	1 ea
----------------------	------

Cover, Rucksack, Snow	1 ea
-----------------------	------

Cup, Canteen, Arctic	2 ea
----------------------	------

-------------	------

Suspenders, Trousers ECW	1 ea
--------------------------	------

Trousers, F1b	1 pr
---------------	------

Trousers, Shell, Arctic	1 pr
-------------------------	------

Trousers, Shell, Snow Camo	1 pr
----------------------------	------

Mask, Cold Weather	1 ea
--------------------	------

26.41.3.2. **Note.** Issue items in the individual's possession using AF Form 1297, **Temporary Issue Receipt**, and annotate the Mobility Automated Tracking System (MAITS) to reflect mobility bag components in the possession of the individual.

26.42.1. Base Supply will store all tariff sized mobility bags.

26.42.1.1. Using the tariff sizing concept, Base Supply will operate a consolidated mobility bag center; assembling, maintaining, inspecting, storing, and issuing mobility bags.

26.42.2. Base Supply is responsible for overall maintenance of mobility bags. Prior to Base Supply's processing, all issue/turn-in requests and changes to authorizations will require written approval of the organization's Mobility Officer/NCO, with final approval from the Installation Deployment Officer. Transactions involving Chemical Warfare Defense Equipment (CWDE) (Mobility bag C-1) must be approved and funded by the Chief of Readiness.

26.42.2.2. Mobility bags will be maintained by Base Supply.

26.42.2.2.1. Additive items will be managed and maintained by the using activity and stored by the Chief of Supply. Funding of additive items will be through the using organization.

26.42.2.2.2. This option applies at the USAFA.

26.42.3. Mobility bag components required in support of a notional tasking is an organizational responsibility. Organizations will obtain these items directly from the Individual Equipment Unit (IEU).

26.42.3. **Note.**Base Supply will use the Air Force approved MAITS. MAITS must be maintained in an up-to-date state and correctly portray total program visibility; i.e., total assets authorized, assets on-hand (in the kit and/or in the individual's possession), and assets due-out.

26.43.2. MAITS, with a cover letter explaining configuration, will be used to perform an annual validation in lieu of the CA/CRL. Validations may be accomplished more often when deemed necessary. After ensuring all data entries are valid, file the MAITS with any new supporting documentation until superseded by the next validation.

26.43.4. **Note.**EAID accounting is not required for NF1 items when accountability is established within the MAITS.

26.43.6. The signed kit receipt listing will be filed within the Mobility Section and the Mobility Section will be added to the IEU's base clearance sheet.

Attachment F1.1:

- (1) Under "REMARKS" for Kit, First Aid. Add "Hospital managed item, NSN 6545010948412 includes the case."
- (2) Under "REMARKS" for Poncho. Add "The wet weather suit may be substituted for the poncho."
- (3) Under "ITEM" for Canteen. After the word "Canteen", add "with Cap, M-1."

Attachment

F3.1 Under GROUND CREW ENSEMBLE, the following notes are added:

ITEM	NOTE
Mask, Protective Filter Unit Hood, Mask Protective Overgarment Glove Inserts, Cotton Overboots	3
Winterization Kit Kit, Decon	4
Atropine Bag, Waterproof Paper M-8 Paper M-9 Kit Bag, A-3	5

NOTE 3 (Added). Personnel requiring mask spectacle inserts will maintain them. Gas masks are maintained by the Mobility Bag Element and issued during time of deployment. Individuals do not maintain specific masks and should be fitted within their unit by the Unit Mobility Officer/NCO.

NOTE 4 (Added). The winterization kit is not required for MCU-2/P series gas masks. USAFA has all MCU-2/P series gas masks.

NOTE 5 (Added): Obtain atropine from Medical Supply (SGSL) during deployment outprocessing.

DENNIS. R. DILLINGER Chief of Logistics
